

Mundy, Heathy

HEALTHY

"Kiss me quick" is what she said
before they come back in,
I tell you this and it is true,
I've never tasted skin,
so soft and smooth and brown and soft,
a tremor of the heart,
if anyone should find this out,
I could lose my part,

Chorus

And this can't be healthy
and this isn't on
oh! but this is amazing
could it be because it is wrong?

"Hold my waist and taste my taste
and bite the whole way through"
I could sign my life away
for this to continue
what to do? a double edge,
every way I lose
find a chair, a hook, a rope
and tie me up a noose

Chorus

Chorus

and it's nearly over
and you're my lover
but it won't be over
'till we pull the linchpin
