Mundy, Private Paradise

PRIVATE PARADISE
You'll never see me again
'cause I'm going away
somewhere I can be on my own, all alone
where all is calm, see you took too much from me
and you left me wasted, you drank all my bloody wine
and you never even let me taste it

Chorus

I'm going away somewhere I can be on my own all alone, where all is calm

Here is my heart rapting my soul it doesn't matter if you rapted it 'cause it's sailing and it's gold see a tree house somewhere in the sky and that's where I'm going where somewhere is always yeah, and a beatiful blue breeze is blowing

Chorus

And I'll be ok, and I'll be ok be ok, be ok, be ok, be ok....
