

Murderdolls, Grave Robbing U.S.A.

Well I come from the planet beyond the stars
Looking for some human body parts
I'm gonna pull your body from your grave
Cause I'm graverobbing U.S.A.
And I'm riding around in my black starship
Looking for some crypts to kick
I'm gonna pull your body from your grave
Cause I'm graverobbing U.S.A.

[chorus]

And I'm graverobbing U.S.A.
And I'm graverobbing U.S.A.
And I'm digging up the dead today
Cause I'm graverobbing U.S.A.
Necrophiliac creatures of evil
Invade the planet Earth
On a macabre cosmic mission
To dig up the dead
Back in the summer of 76
I would dig up bodies to play with
And my favorite part was the brain
Cause I'm graverobbing U.S.A.
And I wish I may, I wish I might
Find me a cold dead corpse tonight
I'm gonna pull your body from your grave
Cause I'm graverobbing U.S.A.
[chorus]
