

Murderdolls, Motherfucker, I Don't Care

I hate your voice and I hate your face
Exterminate you from the human race
Life's a joke and the joke is on you
Hey you, it's true, you suck, fuck you

I hope and pray everyday
I'll get the news that you passed away
So take your life and turn it off
Goodbye, so long, get lost, fuck off

. i dont care motherfucker i dont care,i dont care motherfucccccker!

Suicide's the only choice for you
To see you dead would be a dream come true
Slit your wrist and show god who's boss
Goodbye, so long, get lost, fuck off

Why don't you do the whole world a favor
Connect your throat to the nearest razor
Or do you need it spelled out for you
Well F.U.C.K. Y.O.U.

I don't care, motherfucker I don't care x3
I don't care motherfuckerrr!

Motherfucker I don't care x7
