## Murderdolls, She Was A Teenage Zombie

Don't know what I'm feeling or what I should say On how my life changed The day I stumbled on her grave Not a necrophilliac, I guess I was bored I just love to spend my Time with a fresh embalmed corpse Of course

She was a teenage zombie She was a teenage corpse She was a teenage zombie Drop dead gorgeous that's for sure

I took her to the movies And I took her to the park I took her in the backseat And that's where she stole my heart And then I walked her home From our postmortem date She took me by the hand And we danced upon her grave

She was a teenage zombie She was a teenage corpse She was a teenage zombie Drop dead gorgeous that's for sure

She was a teenage zombie She was a teenage corpse She was a teenage zombie Drop dead gorgeous that's for sure
