Murderdolls, Welcome To The Strange

Nowhere
No place I'd rather be
I'm in my own sideshow
Where I can feel the misery

But in my home yeah I'd see the colour My future's silver black and white I got a non stop ticket No destination in sight

So step right up for the ride of your life! The line starts here in the back of my mind

I ride into the super sci-fi My stars are fallin Down down to the earth tonight

So step right up for the ride of your life! The line starts here in the back of my mind Well you cab rearrange the strange and derranged The sign up ahead says Welcome to the strange

So step right up for the ride of your life! The line starts here in the back of my mind

Nowhere No place I'd rather be Well I'm a self-made monster and my own worst enemy

So step right up for the ride of your life!
The line starts here in the back of my mind
Well you cab rearrange the strange and derranged
The sign up ahead says
Welcome to the strange
