

# Muse, Escape

You would say anything  
And you would try anything  
To escape your meaningless  
And your insignificance  
You're uncontrollable  
And we are unlovable  
And I don't want you to think that I care  
I never would, I never could again

Why can't you just love her?  
And why be such a monster?  
You bully from a distance  
Your brain needs some assistance  
But I'll still take all the blame  
'Cause you and me are both one and the same  
And its driving me mad  
And its driving me mad

I'll take back all the things that I said  
I didn't realize I was talking to the living dead  
And I don't want you to think that I care  
I never would, I never could again

You would say anything  
And you would try anything  
To escape your meaningless  
And your insignificance
