Muse, Explorers

Once I hoped to seek the new and unknown This planet's overrun There's nothing left for you or for me Don't give in We can walk through the fields And feeling nature's glow But all the land is owned There's none left for you or for me

Who will win? 'Cause I concede

Free me Free me Free me from this world I don't belong here It was a mistake imprisoning my soul Can you free me Free me from this world

A world lush and blue With rivers running wild They'll be re-routed South With none left for you or for me Don't give in And hear the engines roar And save our crops from drought And when the black gold's in doubt There'll be none left for you or for me

Fuse helium-3 Our last hope

Free me Free me Free me from this world We don't belong here It was a mistake imprisoning our souls Can you free me Free me from this world

Aaah...

Free me I'll free you Free us from this world We don't belong here It was a mistake imprisoning our souls Can you free me Free me from this world

Aaah...

Running around in circles feeling caged By endless rules. Can you free me, free me from this world. Aaah.. Shh... Go to sleep.
