

# Musiq, Forthenight

&lt;!-- Let's pretend for one night, I'm the man in your life  
And we do the things that lovers do  
All the loving u like  
I give it to you just right  
Theres nothing less than special when it comes to you  
See what we have is understanding  
That works so well for how we are  
Cause neither of us has the heart to fall in love all over again

(Chorus)

Even though I'm not your man and I know you're not my girl  
But let's just act like it's that way tonight  
Now I know u got your friends and you know I got some too  
But let's just act like you're my lady tonight

Now what I like about you  
Is that you're always so cool and comfortable whenever I'm around  
You're some one that I can talk too  
No matter what I'm going through I call on you cuz I know you'll always be down  
See what we have is so incredible  
That we'll never find in anyone else  
This thing that we share is so unbelievable  
That I want you all to myself

(Chorus)

Even though I'm not your man and I know you're not my girl  
But let's just act like it's that way tonight  
Now I know you got your friends and you know I got some too  
But let's just act like you're my lady tonight

Oh, I know that we both have our separate lives  
And we don't keep ties on each other  
So you can have me  
So that I can hold you until the morning comes  
Then we can go back to how things was before

(Chorus)

Repeat 2 xs

Tonight  
Tonight  
Umm dada da badum, yeah

I like it (I like it)  
I love it (I love it)  
It feels good to me (it feels good to me)  
So good to me (so good to me) --&gt;
