

Musiq, L' Is Gone

When we were introduced by your girl Ruth I knew that you got down,
skin caramel complexion, lips chocolate brown (I'm wonderin now)
Ugh Would you get huff wit me
And let me stuff your philly blunt with this black sensi (most definately) cause
We can continuously get high like the clouds that watch the city, ugh,
Huff till we go blind like my man Stevey,
Till the whites of our eyes are bloodshot, glossy ugh
Then we'll fall fast asleep and when we wake we can pick up where we L-E-F-T
see,
(I don't mind if you don't) No, cause see I'm like
(If you're wit it then it's on) Yeah, so see you tonight
All the while I'm hopin she would inhale
So I could be like Michael Jackson and enjoy myself cause
(All i wanna do is make a tuna melt)
When she role up in this sheets and let me spark that 'L, tell

Chorus

What we gonna do when the 'L is gone (yeah)
Should we just role some more
So we can flow some more (oh yeah)
Or maybe I should just take you home
And make you feen for me, like a love jones (yeah i said)
What we gonna do when the 'L is gone (alright ugh)
Should we just role some more
So we can flow some more (ugh alright ugh)
Or maybe I should just take you home
And make you feen for me, like a love jones (oh yeah)

Yo, It was evident that you were hesitant when we did it
You roled it, I lit, and we hit it
Yo, Instantly you affected my state of being to cloud 99 (99)
You could tell that the hydro (got you)
By the way your eyes was half closed and (mines too)
Lord knows if we woulda roled another scole then you woulda been
(Holdin on like Envouge) yeah (You know)
See I knew that you laced it (Yes indeed)
Cause I could tell when I tasted it (Yes indeed)
You got me breakin a sweat feelin like somethings crawlin all over my neck you
got me drunk
I can't believe that you got this type of effect on me it seems
That I've been (feenin for you) and you (feenin for me)
For that high that we both need tell me whaaaaa....

Chorus

What we gonna do when the 'L is gone (we gone do)
Should we just role some more
So we can flow some more
Or maybe I should just take you home (yes)
And make you feen for me, like a love jones (Tell me ugh)
What we gonna do when the 'L is gone (when the 'L is gone say what)
Should we just role some more
