

# Musiq Soulchild, Special

[Verse 1]

Thinkin' bout what we are  
Thinkin' bout what we do  
What do you mean to me?  
What do I mean to you?  
How many times have we  
Felt the necessity  
To be together girl  
Cept for it never works  
You're like the rib I need  
Something like Adam and Eve  
I was meant for you  
You were meant for me  
How you fell bout me girl  
Do I light up your world?  
Cuz you're the reason why  
Lovin' is on my mind

[Chorus]

But is that askin' to many questions  
I'm too fast or offensive?  
If you could please just pardon my inquiring mind cuz I just know  
You and me go good together  
Me and you got something special  
Chemistry don't get no better  
You and me got something special

[Verse 2]

What do you do when you  
Know that you're being pursued  
Would you play innocent?  
Would you just let me in?  
Just let me show you more  
Cuz there's so much more in store  
I was just wonderin' right  
Why not go out tonight  
Eat where the prices are high  
Order whatever you like  
Or we could take a ride  
Or count the stars in the sky  
Maybe just stay in the crib  
Spend a whole day in the bed  
Maybe I should start  
By sayin' hello instead

[Chorus]

But is that askin' to many questions  
I'm too fast or offensive?  
If you could please just pardon my inquiring mind cuz I just know  
You and me go good together  
Seeing you got something special  
Chemistry don't get no better  
You and me got something special

[Bridge]

Girl you're so far (not ordinary you're)  
Got far yet you're so (extraordinary you're)  
One of the one second to none (girl it's just that serious)  
I'll never find (another one like you no)  
Could if I tried (but she wouldn't be like you though)  
You're the only one I want in my life (tell me do you feel what I do or:)

[Chorus x2]

Is that askin' to many questions  
I'm too fast or offensive?  
If you could please just pardon my inquiring mind cuz I just know  
You and me go good together  
Me and you got something special  
Chemistry don't get no better

You and me got something special
