

# MuteMath, Stall Out

Racing on a faultline  
Bracing for a landslide  
Conscious of everything getting harder  
As the race goes underwater

I keep stalling out  
I just can't keep up  
There's alarming doubt  
Am I good enough?  
But you keep coming around  
to convince me  
It's still far from over  
(x3)

We are still far  
We are still far  
We are still far  
from over  
(repeat out)
