

MxPx, Elvis Is Dead

That voice inside my brain
Elvis talking to me again
I think I'm going insane
He says that he's my friend
But I know what he said
Is a lie 'cuz Elvis is dead
Now I know what I see
Can't be him 'cuz this guy's skinny
Why can't I see that Elvis is dead
And I oughta know it
Need to change, way too strange
And I shouldn't show it
I got too much time to drink
And no Coke to think
Elvis talked to me today
He told me what to say
