

# MxPx, Get Me Out

Get Me Out

I don't wanna move, I just wanna lay here

Shaky hands, sweaty sheets, can't get my mind in gear

My legs went numb 3hours ago

Blank starw, don't care what you think you know

Get me out!

I'm feeling around, alone in the dark

Can't find the switch, all I need is a spark or a match

To find a way out, just a silver of light

I'll crawl and I'll fight and I'll scratch and I'll bite

Get me out!
