

# MxPx, Move To Bremerton

When I meet a special girl  
She always lives somewhere else in the world  
I don't want to call her on the phone  
I wanna talk to her when I'm at home

Move to Bremerton - we'll hang out  
Move to Bremerton - cause you wanna  
Move to Bremerton - will you be mine?  
(Move to Bremerton til' the end of time)

I'll change the street signs you drive down  
So you end up in my town  
I'll re-draw the maps all one by one  
So they all lead to Bremerton

Drop out of school and run away  
Quit your job, you got a place to stay  
Pack your bags and hitch a ride  
Bremerton's a good place to reside

If you owned a brain and use it too  
You gotta know that I'd have a crush on you  
I'm a sucker for a level headed girl with a pretty smile  
She gotz to have ideas, yeah, and she gotz to have style
