

# MxPx, Quit Your Life

I've been everywhere around the world and finally here tonight  
You seem to be the only one to make me feel alright

I feel good when I know you're coming down  
I feel good when I know you'll be around

[Chorus:]

So quit your life and stay with me  
We'll order in and watch TV  
We'll paint the house and wash the car  
We'll take a walk but not too far  
So quit your life and stay with me

New York to Los Angeles and all it takes in between  
After miles and hours on the road, you're the best I've seen

I feel good, you're the best friend that I've found  
I feel good when I'm coming back to your town

[Chorus]

Stay with me [4x]

I heard the road, it was calling my name  
I walked towards the light and I ran towards the flame  
I ran towards the flame

After all is said and done, I don't mind saying again  
I say it's true that I'm in love with the places that I've been

I feel good when I know you're coming down  
I feel good when I know you'll be around

[Chorus]

So quit your life and stay with me  
Stay with me [3x]
