

MxPx, You Found Me

thought that i was- was a goner everyone had written my life off dreamed
about better days and hoped that i could make it happen somehow
someone please -please help me i'm dying from the inside out
come to find out god loves me come to find out i was not alone
you found me - you found me - you found me... regeneration,
a new sensation the rebuilding of my broken heart i've put my faith
into action i've got a clean, a brand new start the more i seek,
the more i find you it seems the wonders never cease
how can i ever re-pay you help me lord to see just
what you say you found me - you found me - you found me...
empty dreams, hollow schemes don't get trapped into the things of this world
you'll find out like i found out hey! they just won't fill your life no! you want life -
real life? then let jesus find you like he found me you found me
