

My Black Sky, Why ?

i ask the question
why ?
i cant accept that decision
but you said "goodbye"
i would die
just to make you see you're wrong
you look at this guy
but you dont care if i'm gone

(chorus):
why did you say "i love you" ?
why did you want me back ?
why do you talk in my back?
yes i ask you...why ?

i said "i'm sorry"
but you wont forgive me
i wanna be with you
'cause i wont forget you
i tried to talk to you
but you didnt listen to me
i'm nothing without you
could you forgive me ?

(chorus):
why did you say " i love you "?
why did you want me back ?
why do you talk in my back?
yes i ask you...why ?

(bridge):
after all we did
how could you say "its over"
after all we did
it's for ever

(chorus):
why did you say "i love you" ?
why did you want me back ?
why do you talk in my back?
yes i ask you why ?

i just want you back
i cried and i tried
but your smile
makes me cry
and i dont know why.....
