

My Chemical Romance, Desert Song (Demo)

We hold in our hearts the sword and the faith
Swelled up from the rain, clouds move like a wraith
Well after all, we'll lie another day
And through it all, we'll find some other way
To carry on through cartilage and fluid
And did you come to stare or wash away the blood?

Well tonight, well tonight
Will it ever come?
Spend the rest of your days rocking out
Just for the dead
Well tonight
Will it ever come?
I can see you awake anytime, in my head

Did we all fall down?
Did we all fall down?
Did we all fall down?
Did we all fall down?
From the lights to the pavement
From the van to the floor
From backstage to the doctor
From the Earth to the morgue, morgue, morgue, morgue

Well tonight
Will it ever come?
Spend the rest of your days rocking out
Just for the dead
Well tonight
Will it ever come?
I can see you awake anytime in my head

All fall down
Well after all...
