

My Chemical Romance, This Is How I Dissapear

To un-explain the unforgivable,
Drain all the blood and give the kids a show.
By streetlight this dark night,
A sance down below.
Therere things that I have done,
You never should ever know!
And without you is how I disapear,
And live my life alone forever now.
And without you is how I disapear,
And live my life alone forever now.
Who walks among the famous living dead,
Drowns all the boys and girls inside your bed.
And if you could talk to me,
Tell me if its so,
That all the good girls go to heaven.
Well, heaven knows
That without you is how I disapear,
And live my life alone forever now.
And without you is how I disapear,
And live my life alone forever now.
Can you hear me cry out to you?
Words I thought Id choke on figure out.
Im really not so with you anymore.
Im just a ghost,
So I cant hurt you anymore,
So I cant hurt you anymore.
And now, you wanna see how far down I can sink?
Let me go, fuck!
So, you can, well now so, you can
Im so far away from you.
Well now so, you can.
And without you is how I disapear,
And without you is how I disapear,
Whoa whoa (And without you is how I disapear)
Whoa whoa (And without you is how, is how, is how)
Forever, forever now!
