

# My Darkest Days, Save me

Look into my eyes  
there's nothing inside  
just sit and stare  
the more you want to try  
the further inside  
there's nothing there  
So hold on cause nothing can save me now  
always cause nothing can save me  
I'm not afraid  
cause nothing can save me now  
nothing can save me  
nothing can save me  
you walked into my life  
started to fight all over again  
but i dont need you here  
just disappears  
its over again  
So hold on cause nothing can save me now  
always cause nothing can save me  
I'm not afraid  
cause nothing can save me now  
nothing can save me  
nothing can save me now  
nothing can save me  
nothing can save me now  
nothing can save me  
So hold on cause nothing can save me now  
always cause nothing can save me  
I'm not afraid  
cause nothing can save me now  
nothing can save me  
nothing can save me  
nothing can save me
