

# My Darkest Hate, My Darkest Hate

i hate therefore i am  
i know the reason why  
you are the pain in my ass  
you're gonna have to die

100 words mean 100 lies  
there's nothing more to say  
that's only one good reason  
i want to crush and slay

my darkest hate  
will ever be  
i'm gonna crush  
i'm gonna slay

it's said that we should all forgive  
to see the lord above  
i won't forgive what you've done  
i have no belief

you've told too many lies  
so come under my feet  
you're just a bunch of shit  
i wanna see you bleed

my darkest hate  
will ever be  
i'm gonna crush  
i'm gonna slay

hate is my power  
my honour and pride  
hate is my substance  
my love and my guide
