

# My Darling YOU!, Please Don't Talk To Me I Fall

I don't want love so I kill all my friends  
I don't want love to make me happy again  
I don't want love even if it's all that remains  
I don't want love so I have to kill all my friends

I don't want life to treat me this well  
I don't want life, I wanna hide in my shell  
I don't want life, please lock me up in a cell  
I don't want life to treat me this well

But you're so young young young  
and I'm so young young young too  
So let's get beer and find something to do  
And when we're done done done and nothing else is that fun  
We'll go to sleep and I'll wake up next to you

Aaaaaaaaaaaaa, aaaaaaaaa  
Aaaaaaaaaaaaa, aaaaaaaaa  
Aaaaaaaaaaaaa, aaaaaaaaa  
Aaaaaaaaaaaaa, aaaa

I don't want work to change my behavior  
I don't want work, no I'm not made for labour  
I don't want work, so please don't do me no favour  
I don't want work to change my behavior

And please don't talk to me I fall in love so easily  
Please don't look at me, please just let me be  
Please don't care about who I am or how I feel  
Please don't ask me if it's real

Oh, but you're so young young young  
and I'm so young young young too  
Let's quit our jobs we got better things to do  
Yeah, we can run run run until the summer comes  
Then go to sleep and not wake up, not wake up, NOT WAKE UP for sometime!
