

My Ruin, Rid Of Me

Tie yourself to me
No one else knows,
You're not rid of me. No, You're not rid of me.
I contain?

I breathe, hah hah hey hey,
You're not rid of me. Yeah, you're not rid of me
You're not rid of me; you're not rid of me
I am you my, darling,
Don't, leave me, I'm hurting,

Lick my licks, I'm on fire,
Lick my licks of desire,
Lick my licks, I'm on fire,
Lick my licks of desire,

I'll tie your legs, keep you, against my chest,
Oh, you're not rid of me, Yeah; you're not rid of me,
Make you lick my injuries,
I'm gonna twist your hand to stay,
Make you lick my injuries,
I'm gonna twist your hand to stay,

Do you see
Don't you wish you, never, never, never met her
Don't you, Don't you wish you never, never, never met her
Don't you wish you never, never, never met her
Don't you wish you never, never, never met her

Thank you, my darling,
Don't leave me, I'm bleeding,
I'm so lonely, of everything,
Oh, everyday I'm hurting,

Lick my licks I'm on fire,
Lick my licks of desire,
Lick my licks, I'm on fire,
Lick my licks of desire,

You're not rid of me, you're not rid of me,
I'll make you lick my injuries,
I'm gonna twist your hand to stay
I'll make you to lick my injuries,
I'm gonna twist your hand to stay,

Do you see
Don't you wish you, never, never, never,
Don't you, Don't you wish you, never, never, never met her
Don't you, don't you wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her
Don't you, Don't You wish you, never, never, never met her

Lick my licks I'm on fire,
Lick my licks of desire,
Lick my licks, I'm on fire,
Lick my licks of desire,
