

My Surface, Teenage Blues

Words are drifting silent seas of no response
Time's shifting point of view bare any sense
Blank horizon makes me feel so free tonight
Your intimate relationship is all I need tonight

Cause I love you
I love you
I love you... my teenage blues

Identify your person plans, your way and style
The truth sounds more familiar than any pleasant lie
My resistance has broken down, I need your help
But the names you gave me ain't the ones
I've chosen for myself

Cause I love you
I love you
I love you

I hope you loving me too
I hope you loving me too

Cause I love you
I love you
I love you... my teenage blues
