Mya, Late

Not No Not Not No Not
(spoken) Um..... Girl Yes! Naw for real

28 days passed me by and she ain't even show
Got me smokin knowin damn well I don't even smoke.
Cause the worse ain't knowin but not knowin at all
Should've been more careful when I let him rock my boat.
Stressed all day everyday hopin it not the case hope I'm just...

(Chorus) Late
Should've came by now
So I'm tryna figure out
Late
What the hell you did to me when you took a dip
Late
I'm over due what are we gonna do
I know my body and it's drivin me crazy
I'm never
Late

I'd appreciate if you'd start pickin up ya phone
I'll be damned if you're out partyin while I'm stressed out at home
Why you cryin it ain't yours I didn't do it alone
Give it two more days till I hit the convenience store
I'm talkin Rite Aid, CVS you can pick the place

(Chorus x2) Late
Should've came by now
So I'm tryna figure out
Late
What the hell you did to me when you took a dip
Late

I know my body and it's drivin me crazy
I'm never
Late

Probably bought in your high vending machine (laughing)
Kept in yo wallet since you was sixteen (laughing)
In the back pocket of yo cross colored jeans (Woooooooo)
Then had the nerve to use it on me (Damn Homie)
And if it's true
You better find another job
Cause it take more than flippin burgers and fries
Smokin dro, playin on the XBOX
Hangin at the strip club is gonna have to stop

(Chorus) Late
Should've came by now
So I'm tryna figure out
Late
What the hell you did to me when you too a dip
