# Myles Smith, Solo

You promised a lifetime, but left in a moment
I wonder if you even think about me
Throw me a lifeline cause I'm barely floating
Stranded and broken

You know you got me lost in the dark
Is it too late? Is it too late for us?
You know you got me lost in my heart
Is it too late? Is it too late for us?

Oh, why'd you get me so high
To leave me so low
To leave me solo
Oh, I was wasting my time hoping you'd call
But damn you're so cold
Oh, why'd you make me feel safe
Just to walk away
Just to let me go
Oh, why'd you get me so high
To leave me so low
To leave me solo

You look like an angel
Thought I was in heaven
But now I'm just falling without you with me
I thought I was able to learn from my lessons
Was trying my best but

You know you got me lost in the dark
Is it too late? Is it too late for us?
You know you got me lost in my heart
Is it too late? Is it too late for us?

Oh, why'd you get me so high
To leave me so low
To leave me solo
Oh, I was wasting my time hoping you'd call
But damn you're so cold
Oh, why'd you make me feel safe
Just to walk away? Just to let me go?
Oh, why'd you get me so high
To leave me so low
To leave me solo

Ohh...
I'll never love again, I'll never love again
Ohh...
I'll never love again, I'll never love again

Oh, why'd you get me so high
To leave me so low
To leave me solo
Oh, I was wasting my time hoping you'd call
But damn you're so cold
Oh, why'd you make me feel safe
Just to walk away? Just to let me go?
Oh, why'd you get me so high
To leave me so low
To leave me solo
