

Myra, Girls Like Boyz

Girls are born into this world
Just clingin to their mother
We grow up playin with our friends
Or fighting with our brother
We like to hang out in the mall
And check out fancy toys
But most of all we want to say...
Girls like boys..Whew!

Sweet as honey
Girls like boys
Sweet as honey
Girls like boys

We wake up each and everyday
And get all dressed for school
We put on all our makeup
So we look real cool
Me and my best friend
We kinda dress the same
And all the boys around here
Wanna know our name

They wink, they stare
They tell us that they care
They wanna know what sign we are
And what perfume we wear
We just wanna tell ya
Forget all the noise
One thing that we wanna say is....
Girls likes Boyz...Whew!

Sweet as honey
Girls like boys
Sweet as honey
Girls like boys

We like tall boys, short boys
Boys that shave their hhair
Buff guys, tuff guys
We don't really care
We like them when they're dirty
We like them when they're clean
They tell us we're the cutest
They have ever seen

Sweet as honey
Girls like boys
Sweet as honey
Girls like boys

After we walk home from school
We call friends on the phone
We talk about who's dating who
And who's home all alone
With all the cute guys out there It's hard to make a choice
But there's one thing we know for sure
Girls like boyz... Whew!

Sweet as honey
Girls like boys
Sweet as honey
Girls like boys
Sweet as honey

Girls like boys
Sweet as honey
Girls like boys
