

# Mysteries Of Life, Hey Kate

I wander by the side of the road  
Still rising, got no place to go to

Hey Kate, better shift your weight  
Hey Kate, let me demonstrate

Eyes watching while your shadow grows  
Head high, standing at the sidelines

Hey Kate, better shift your weight  
Hey Kate, let me demonstrate

What did you see?  
Adaline  
What did you see?  
Adaline  
Any indication would spur us on  
Spur us on

Dawn, heavy with the omen so  
Inside nothing but the outline

Hey Kate, better shift your weight  
Hey Kate, let me demonstrate

What did you see?  
Adaline  
What did you see?  
Adaline  
Any indication would spur us on  
Spur us on

Walk down where the people go  
Gonna walk in with the shadow

Hey Kate, better shift your weight  
Hey Kate, let me demonstrate  
Hey Kate, better shift your weight  
Hey Kate, let me demonstrate

Hey Kate
