

# Mystery Jets, Electric Fires

Ring your tounge out for drying  
But the sky's crying  
Everyone has gone inside  
Thesheep bleet and the cows sleep  
Some bluebirds tweet-tweet  
Behind the cloud the sun hides

Warm next to electric fires  
Warm next to electric fires

Stella's old cat's getting wet  
She's her favourite  
Even favourite cats get wet  
Cut a clever one in half  
Watch two dumb hogs laugh  
Two he-he's three ha-ha-ha's

Come warm your toes near the fire

The electric fire
