

# Mystic Charm, Window Of Reality

Look through the window  
The window of reality  
Touch the streak of lightning  
Let it enter the mind

Awake from the dreamworld  
Reality is no dancing shadow  
That's mourning in darkness  
Deceiving the body and soul

Look through the shadows  
Provoke the prediction  
Conjuring up the picture  
Mirage of extinction

Evolution is alarming  
Evil singleness of purpose  
Awake from the dreamworld  
Look through the window
