

Mystic Prophecy, 300 in Blood

Spartan warrior made of steel
Only born to fight and kill
Fighting for destiny
Fighting, be forever free
Thousands lying everywhere
Persian soldiers in despair

Hai! Hai! No remorse
Hoi! Hoi! Kill with force

We fight for revolution
Killing for retribution
Enemies forever - execution

Sacrifice his life for the Hellenic nation
300 in blood
Falling one by one
Side by side for the ancient Gods
300 in blood

Spartan comes like hurricane
Kill in ecstasy insane
Faster, faster... killing faster
Persian soldiers blood disaster
Spartans never fall in slave
Spartans be forever brave
Bloodthirst
Now they loose control
Try again to kill 'em all

We fight for revolution
Killing for retribution
Enemies forever - execution

Sacrifice his life for the Hellenic nation
300 in blood
Falling one by one
Side by side for the ancient Gods
300 in blood
