

Mystic Prophecy, Warriors of the Northern Seas

Rolling thunder blaze from the sky
Odin my lord, only for you I have to die
Fighting heroes will be free
Eye to eye, kill, destroy his enemy
Side by side we fight... no fear
Blood will flow, salvation is near
Vikings never die in slavery
Vikings only fight for victory

All men ready to strike
All sail, all right... Ahoi!
Loaded cannons ready to fight
Kill and destroy

Now my soul rise through the sky
Forever for freedom are ready to die
Warriors of the Northern Sea
Show no mercy, forever be free
Warriors of the Northern Sea
Over the mountains to the seven seas

Never surrender, never pretend
Show no mercy 'till the end, I will defend
From the glory we possessed
Holy thunder from the gods of war we blessed

All men ready to strike
All sail, all right... Ahoi!
Loaded cannons ready to fight
Kill and destroy

Now my soul rise through the sky
Forever for freedom are ready to die
Warriors of the Northern Sea
Show no mercy, forever be free
Warriors of the Northern Sea
Over the mountains to the seven seas
