Look like youre buzzin on X with 3D effects
Baby you
Look like you have no clue of what comes next
Me and my dogs will be there
Till your girls prepare to share
Well play the dancing truth or dare
If someones standing there, stare say
Hey baby whats your name
Dont stand looking insane
Do you want to ride the train, welcome to the fast lane
If youre in love beware
Cause these people they dont care
All hands in the air
This is what we call truth or dare
Kelis:
I am the one with the brightest hair, leather I dont care
Baby I
Till everyone to take their shirts off
Thats my dare

But just dont get caught out there
Me and my girls will be there
Till your boys prepare to share

Dont stand looking insane
Do you want to ride the train, welcome to the fast lane
If youre in love beware

Rap verse:
Man, I got ten surrounding me
Hounding me
Center of attention
A riot its bound to be
Though Im in the middle
My jewels youre bound to see
In a pool of women
All of them drowning me
Im ho hoppin, flip floppin, ho hoppin
Now her head in my lap boppin
I aint one to care
I aint used to fair
Baby you can keep the truth, chose the dare
