'N Sync, Bringin da noise

CHORUS

Bringin' da noise

Bring on the house

We came here to the party house

Say c'mon c'mon Lets raise the roof, under the roof

Then we can get loose y'all

Bringin' da noise

Bring on the house

We came here to the party house

Say c'mon c'mon Lets raise the roof, under the roof

Then we can get loose y'all

You need to get down,

The scene is just so right

Everybody's in the house tonight

Loose your mind

And let your body take control

You've got to feel it in your soul

I've got that feeling baby

You know it drives me crazy

And all I wanna do is hit the floor

I wanna shout it ya'll

So make it louder ya'll

And turn it up so more

CHORUS

Bringin' da noise

Bringin' da noise

Just shake it girl

And enjoy the ride

Do what you feel inside

Cuz it's your world

All you wanted more

So baby go and get yours

I've got that feeling baby

You know it drives me crazy

And all I wanna do is hit the floor

I wanna shout it ya'll

So make it louder ya'll

And turn it up so more

CHORUS

bringin' da noise

bringin' da noise

I've got that feeling baby

You know it drives me crazy

And all i wanna do is hit the floor CHORUS 3X
