

'N Sync, Give In To Me

Aaaaaahhhhhhhh
Ooooooooooooo
Heeeeeey

Your love like a candle
Flickers in the dark
You came into my life
Brightened up my heart

With you by my side
I see the love that I wanna feel
Show me your lovin' baby
Show me that it's real

Just take my hand
I'll make you understand
I want you (I want you)
You want me (you want me too)
And that's the way it's got to be
Now that you're here
I'm gonna make it clear

CHORUS:
Give me the love I need
Give in to me
Hold me, caress me
Give in to me
Give me the love I need
Give in to me
Just give in to me

Your love is like a whisper (whisper)
Say what I wanna hear (what I wanna hear)
Your eyes cry secrets
And my heart will dry your tears
I need to have you near me
Loving I would find
Girl, I would hold your heart
Inside, embrace your mind

Just take my hand
I'll make you understand
I want you (I want you)
You want me (you want me too)
And that's the way it's got to be
Now that you're here
I'm gonna make it clear

CHORUS

Just give me the love I need
I need your lovin' tonight, sweet lady
I wonder what the nights'd be like
Without you near me
Yeah, give in to me, girl
I need you by my side
Just give me the love I need
I need your lovin', baby
I need your love
I need your love

(CHORUS repeat to fade)
