

'N Sync, I'll Be Good For You

I'll be good for you

Justin: Ohh..

Ya'know I'll be good for you baby yeahhh ohhh

I'll be good for you

I ain't gonna take my love away

And I will love you more girl every day

I'll be good for you (yeah)

Baby girl it's plain to see,

That our love was meant to be

Justin:

I know you're hearts anticipating

And my love is on your mind

Well don't you worry

I won't keep you waiting

Cause I ain't ever seen a lady so fine yeah

I know you want me too

It's in your eyes they say you do

They're telling me you'll open your heart to me yeah

Cause if you want me to

I'll sacrifice my world for you

And show you the way loves supposed to be yeah

I'll be good for you

I ain't gonna take my love away

And I will love you more girl every day

I'll be good for you (ohh)

My baby girl it's plain to see,

That our love was meant to be

JC:

Now I know you think I must be faking

I promised all these things right from the start

So don't you rush into decision making (rush, rush)

Cause I just wrote this song to tell you my heart

I wanna be with you

And girl there's nothing I won't do

To make you see that this is where you should be

Cause baby we can do, anything you wanna do

Girl I wanna be a part of your fantasy

I'll be good for you

I ain't gonna take my love away

And I will love you more girl everyday

I'll be good for you (so good)

My baby girl it's plain to see,

That our love was meant to be yeah

Justin: Ohhh yeah yeah yeah

Know I'll be good for you baby

I can be good for you

Tell me what you want to do

Baby girl, it's plain to see

That our love was meant to be

(I'll be good for you)

I can be good for you

Tell me what you want to do (oh yeah)

Baby girl (so good), it's plain to see

(so good) That our love was meant to be

(I'll be good for you)
I can be good for you
Tell me what you want to do (tell me what you want to do)
Baby girl, it's plain to see
(open up your heart to me) That our love was meant to be

(I'll be good for you)
I can be good for you
Tell me what you want to do (cause I know, I know)
Baby girl, it's plain to see
The way love is supposed to be

I can be good for you (I could be good for you baby)
Tell me what you want to do (I could be good for you baby)
Baby girl, it's plain to see
That our love was meant to be

I'll be good for you
Justin:
