

'N Sync, In Love On Christmas

Jingle bells, Jingle Bells, Jingle all the way
Jingle bells, Jingle Bells, Jingle all the way
Jingle bells, Jingle Bells, Jingle all the way
Jingle bells, Jingle Bells, Jingle all the way

Christmas time
Is so special
When youre kissing me
Under the mistletoe
Exchanging love and gifts
Sitting in front of the tree
Me holding you
And you holding me

Wishing
I pray
To be in love
On Christmas
Because Christmas love gives me that feelin
Wishing
I pray
To be in love
On Christmas
Because everybody should be in love with somebody on Christmas

Last year, Christmas
It happened without us
I was all mixed up and confused
I didnt know what to do, baby
I never thought Id feel this way
I always thought Christmas was a happy day
I always prayed that Santa'd pack love on a sleigh and send it my way

Wishing
I pray
To be in love
On Christmas
Because Christmas love gives me that feelin
Wishing
I pray
To be in love
On Christmas
Because everybody should be in love with somebody on Christmas

What a beautiful time it is
A time to open gifts
And play with all the kids
Yes its Christmas
Yes its Christmas time again
Girl I love you
Yes I love you
Its Christmas time again
To be in love
On Christmas
Girl I love you baby
Yes I love you baby
What a beautiful time it is
A time to open gifts
Yes now its Christmas time
I am yours and you are mine
Oh when you kissing me
Right under my Christmas tree
Baby come close to me
Cause this is how it should be

Wishing
I pray
To be in love
On Christmas
Because Christmas love gives me that feelin
Wishing
I pray
To be in love
On Christmas
Because everybody should be in love with somebody on Christmas
