

'N Sync, No Strings Attached

Baby you're not the only one..

Ooh yeah, hey yeah

I see the things he does to you
All the pain that he put you through
And I see what's really going on
Staying out at night while you're by the phone

Take it from me, it's a lesson to be learned
even the good guys get burned
Take it from me, see I would give you love,
The kind of love that you only dream of

Chorus

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No Strings Attached

He doesn't give you the kind of attention
That a girl like you needs, that a girl like you needs
'Cause he always looks around, his eyes wander around
He doesn't see you like I see,yeah

Take it from me, it's a lesson to be learned
even the good guys get burned
Take it from me, baby I would give you love
The kind of love that you've only dreamed of

Chorus-repeat

Take it from me, it's a lesson to be learned

Even the good guys get burned

Take it from me, see I would give you love

The kind of love you've only dreamed of

If you take a chance with me

I'll be your everything you need, everything you need

Because it's our destiny, oh

Chorus-repeat
