

# Nada Surf, Blankest Year

Oh, to hell with it  
Im gonna have a party  
Oh, to hell with it  
Im gonna have a party  
I had the blankest year  
I saw life turn into a TV show  
It was totally weird  
The person I knew I didnt really know  
Time dont move  
We're the only ones who do  
Bending in the reason  
Cus its all we hold on to  
I had the blankest year  
I saw life turned into a TV show  
It was totally weird  
The person I knew I didnt really know  
And I was lonely  
Thank god the bands doing well  
But you dont owe me  
Id like to return this spell  
Cuz its not my size  
And your lies and so much bigger than my lies  
And your ties are made of things that shouldnt be ties  
Oh, fuck it  
(fuck it)  
Im going to have a party  
Oh, fuck it  
(fuck it)  
Im going to have a party  
Oh, fuck it  
(fuck it)  
Im going to have a party
