

# Nah, Can't live with you

1.Yo

Its been 3 years since we first went out  
It was kinda weird, we aint from the same town  
Met you on the net and you said you rolled with playas  
And you loved to sex so I gave you all my paper  
I did you, the same way that they did you  
Its all good cuz my homies said that shits cool  
Not until you told me about your story  
Of where you came from and how you went to glory  
Did I feel you, spending hours just to sit and  
Listen, you said your life was written  
F\*\*\*ed with you again but this time it was different  
Got a deeper style, just to dick ya down  
You always made me smile, when they tried to break me down  
Walked together in the rain on a day I took you out  
When I was all alone there was no one else but you  
Youre a part of my life, and I love you

[Hook]

I cannot go to the ocean  
I cannot drive the streets at night  
I cannot wake up in the morning  
Without you on my mind

2.Time went by and we grew up together  
Been dreaming about living with you forever  
And how I was going to buy cribs and cars  
How our love gonna shine with the stars  
But things went wrong as the years progressed cuz  
I couldnt get signed and it brought me more stresses  
Without money Im gonna be a starver  
And honey when Im starving I aint gonna even bother  
Thought my girl couldnt make my life better  
So I left, I just wanna make that chedda  
You didnt say a word when I said I gotta split  
Cuz in fact, you got done by a lot of others dicks  
Kinda wack, cuz I missed how I did it  
Couldnt stand it when I heard how people hit it  
I went on with my life it was alright  
Just couldnt sleep without you in the cold nights

[Hook]

I cannot go to the ocean  
I cannot drive the streets at night  
I cannot wake up in the morning  
Without you on my mind

3.Its ironic how I always ran into you  
I saw you, almost everywhere I went to  
On the street, in the malls or in the clubs  
Hanging out with the ballers and the thugs  
It was sad but I didnt know how to change it  
When your men always taking you for granted  
You changed too, and I just didnt feel you  
It broke my heart when I knew that they had killed you  
Now Im sitting here writing this letter  
Just to let you know that I love you forever  
Hoping that youll be resurrected some day  
You are Hip Hop, I call you my soulmate

[Bridge]

I'd never want to see you unhappy  
I thought you'd want the same for me

[Hook]

I cannot go to the ocean  
I cannot drive the streets at night  
I cannot wake up in the morning  
Without you on my mind
