

Naked Earth, Brazil

Shades of green and blue
Violent with life
Colours of earth so vibrant and true
Mist of the dense forest of rain
Amazon people
Bearing the global pain
Brazil, Brazil
Can you ever forgive us
Brazil, Brazil
What have we done
See the native people's conscious way
Sustainable growth
In a competitive age
Discover a world of medicinal use
A shaman's secret
Is the power we'll all lose
Brazil, Brazil...
