

Nana Mouskouri, To Me

1-

To me

You are the hand that I reach for

When I've lost my way

To me

You are the first star of the evening

The sun that warms my day

Chorus

Just as sure as I'm sure there's a heaven

This was meant to be

No road is too long

As long as you belong

To me

2-

To me

You are the truth I believe in

The love I believe in you

To me

You are the heart I have looked for

My whole life through

Chorus twice

Always belong

Always belong to me

Belong

To me, to me, to me

Belong

To me
