

Nana Mouskouri, Your Heart Is Free

1-

Your heart is free, just like the wind
Your hands reach out, but not for mine, now
You built your castle out of sand
I taste the water, not the wine, now
What went wrong, tell me how
How could you do this thing to me, my love ?

2-

Your heart is free, just like the wind
The ring you're wearing isn't mine, now
I feel you're with me everywhere
And yet, you're only in my mind, now
What went wrong, tell me how
How could you do this thing to me, my love ?

Repeat 1

3-

Your heart is free, just like the wind
I was the giver, not the taker
We have a life, so we must live
Although we cannot be together
What went wrong, tell me how
How could you do this thing to me, my love

Your heart is free, just like the wind, my love
