

Napalm Death, Born On Your Knees

Born on your knees
Life in chains
A slow death
Into your graves

Born on your knees

Born on your knees
Life of pain
Existence restricted
By material gains

Born on your knees
You fucking asshole

Born on your knees
Conditioned blind
Crawling to death
Revenge for your crime

Born on your knees

Born on your knees
From the womb torn
Live in chains
And die as you were born

Born on your knees
