

# Napalm Death, Cold Forgiveness

25 years severed,  
Take it and like it,  
Feel like there's nothing more,  
And your story.

[Chorus]  
Thirsty, despised,  
Real love destroys.  
Hungry for anger.  
Hungry for... anger.  
The face behind the face [x4]  
Cold forgiveness meant not for me [x4]  
The face behind the face [x4]  
Cold forgiveness meant not for me [x4]

Race against time, collapse.  
Fall in line, nothing is sacred.

[Chorus]
