

# Nas, Ocupied Mind

Have ever felt lonely  
Have u ever felt love  
Have u ever felt that spark in youre life  
That brings 2 people together

Chorus :

Im guessing by the way  
That youre looking at me  
Uve never felt the feelings Im  
Describing to you  
So would you pleze tell me  
Wot exactly you meant  
When you told me that u loved me  
Have you u ever felt joy  
Have u ever felt pain  
Have u ever felt that tear in youre eye  
Thats when they fall apart ?

chorus

Have u ever felt shame  
Have u ever felt proud  
Have u ever felt tears  
oh have u ever felt down  
Im telling you now there aint a day that goes by  
Were all I wont a do is to break down and cry  
There aint a moment when my minds turned of  
Every second of the day  
All the time in the night  
In my dreams  
Not forgetting my thoughts  
My minds always occupied  
About the troubles we have
