

Nasri, Best Friend

Dear so-called love of my life
We got some beef I say
You promised yourself to some guy
Well, I thought that he was me

I've always stood by your side
Since those days of hide-and-seek
If you were runnin', babe
I would never hide
I liked it better
When you were chasing me
hey....

Tell me what you're feelin'
Cuz you left without a reason
You ain't callin' me no more
No one's knockin' on my door, hey

I'm writing you a letter
Cuz I'm dyin' to feel better
You got me cryin' through a pen
Cuz I'm missin' my best friend

I really wanna know
Are we parted
(Are we parted)
Like my man Moses
With the Sea a la Rouge
Time's a tickin' on new life we started
You read the paper, I watch the news

Tell me what you're feelin'
Cuz you left without a reason
You ain't callin' me no more
No one's knockin' on my door

I'm writing you a letter
Cuz I'm dyin' to feel better
You got me cryin' through a pen
Cuz I'm missin' my best friend
Oh.....

You don't have to write me no letter
Pick up the phone...
Write a message in the sky
Cuz as long as I don't hear from you, lady
You're gonna make this grown man cry

Tell me what you're feelin'
Cuz you left without a reason
You ain't callin' me no more
No one's knockin' on my door (hey..boohoo)

I'm writing you a letter
Cuz I'm dyin' to feel better
You got me cryin' through a pen
Cuz I'm missin' my best friend
Oh...

da dow.. hey.. da dow... da dow... hey girl... da dow da dow
