Do u remember last summer when the chips was down  
Not a person in the world to bring a smile to your frown  
I couldnt promise u the world back then  
Pray to God for the strength to make u happy agian  
Nights of slow passion thunder like rain  
And flights 77 when I see u agian  
Reminisine of the kisses up on your body

Now don't be doing things that u will regret  
'cause it ain't the same liek when we first met

(chorus)

Remember when I promised that I'd be a star  
Well dozen roses everyday  
Im rollin around in new cars  
Livin in your dream on the hills  
And chill on the best wines when we dine  
Im giving u paradise on earth  
Well visions of us waiting 4 what's under done  
King of my own world with u as my queen  
Tru essence gods masterpieces in my presence  
Angels in her eyes and whisper soft skin  
And lord knows me loving u is no sin  
Its meant to be u n me  
Walking on the gold bath robes  
Bath and make love underneth the water falls
