

# Nasty Boy Klick, Perfect Man

Perfect man

Special dedication to all the ladies  
Out there in this whole world looking for  
That perfect man.

When I was a little girl,  
I would sit and dream,  
Hopin' I would find,  
Find the perfect man  
Now that I can see,  
True reality  
Tear drops fill my eyes,  
'cause there is no perfect man

It seems like everyone in this world is lookin for perfection  
But how do we find something that doesn't exist?  
It don't exist, know what I'm saying?  
I would give my life for you, no matter what the  
Situation last days of hope, trials and tribulations  
Frustrations, killin every woman and man  
If you can see what I see, then you might  
Understand that I could never be a perfect man,  
Up in this chaos a soul, with a musical  
Dream like armadias  
I've given everything, sweat, blood 'n tears  
And made a vow to the lord to stay for a million  
Years I guess too much is never enough,  
When the silence in our souls begins to erupt  
So forgive me girl, if I ruined your plan  
'cause I can try, but never be a perfect man

When I was a little girl,  
I would sit and dream,  
Hopin' I would find,  
Find the perfect man  
Now that I can see,  
True reality  
Tear drops fill my eyes,  
'cause there is no perfect man

Yeah dedicated to my little girl, daddy loves you deja.

11/98, God blessed me with a perfect baby girl,  
Such in perfect world,  
I cried when she took her first breath  
Why god? when the world is filled with hate and disease  
Most fought over seas, and weather catastrophes,  
Fall into this new millennium,  
She'll be one and a half, too young to  
Understand and lord know, this man and  
His lives aren't perfect,  
My mistakes saw her learnin' points  
Hopin she can learn from them

So many caught up  
In the fast lane  
Lovers of themselves greed or lust  
Her little hand guidance, man  
Her little heart, holdin on my trust  
I'm at awe with my destiny  
I can't believe I'm staring gods master piece  
Face to face, you'll never

Understand how much you've changed this man  
Who has to learn from scratch.  
On how to raise a woman  
'cause if perfection is needed, I guarantee to be  
Everything she dreams

When I was a little girl,  
I would sit and dream,  
Hopin' I would find,  
Find the perfect man  
Now that I can see, (yea)  
True reality (this goes out ...to the girl that I love)  
Tear drops fill my eyes,(I love you baby..best  
Believe that)  
'cause there is no perfect man

There's been some time wit me, you were still shinin'  
Who'd imagine, it'd be you I'd be findin'  
Some one so real, who took care'my heart  
Anybody, if they'd try, couldn't pull us apart  
You were there from day one, til this present time  
Working hard for the money when I couldn't get mine  
You should be the definition of what love really is  
I know every man wish their girl was like this  
I put you through some things,  
Best believe that I'm sorry  
My love goes out to you, no one fits your category  
You don't talk back, and respect what I say.  
Independent, strong woman  
No time for child's play  
Deserve more than I got  
And you still stick around  
I'm not the perfect man  
But for you, I'll bow down.  
I wanna be your man til the lord takes us to the clouds.  
Ain't no perfect man, but perfect women are around.....

When I was a little girl,  
I would sit and dream,  
Hopin' I would find,  
Find the perfect man  
Now that I can see,  
True reality  
Tear drops fill my eyes,  
'cause there is no perfect man
